

PIZZAPRO™

Model No.

DC63

DOUGH CART™

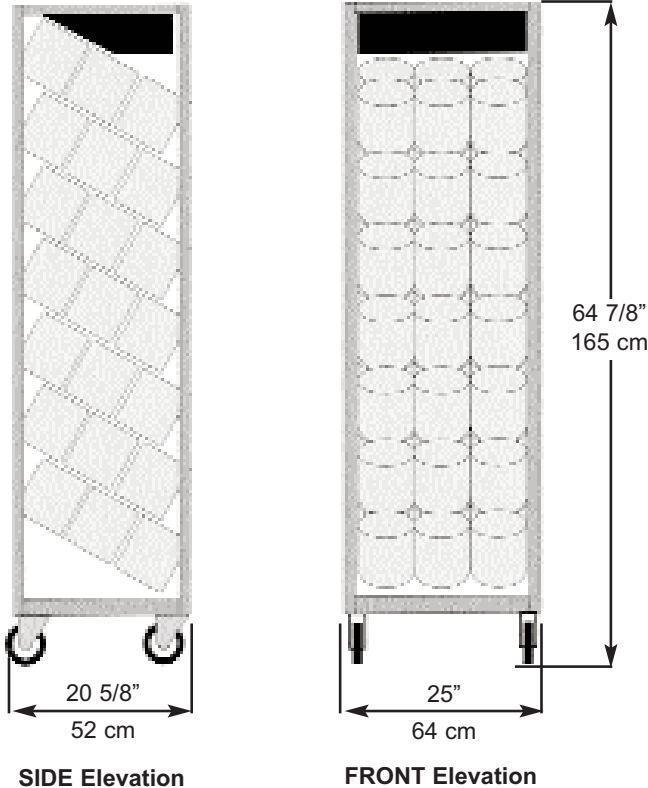

Whether you need to store, transport, proof, freeze, cool or simply handle your dough more easily, the DOUGH CART does it all.

Loading and unloading is fast, easy and practically automatic. First place the dough balls, frozen or thawed, in the plastic containers. Then load the container in the gravity flow, sequentially feeding, first-in, first-out chutes. Each dough ball is now individually stored and protected against crusting and drying. Sixty three (63) containers with lids provided with each cart.

Model No. DP63N without Containers & Lids

 Listed.

Shipping Weight: 206 lbs. / 93 kgs.
