

Mobile Compressor Cart

The DP1500C is a mobile cabinet with a truly heavy-duty whisper silent compressor. It has been specifically selected to power our DP1300 air driven dough press. This heavy duty compressor will eliminate the noise associated with standard compressors.

Features include:

- Stainless Steel construction
- Edged top portion
- Heavy duty whisper silent compressor
- Heavy duty casters
- Designed to fit model DP1300
- Open design for easy access to compressor

IMPORTANT INFORMATION CONCERNING PROPER INSTALLATION OF AIR COMPRESSOR
Failure to confirm as specified below could nullify manufacturer's compressor warranty!

Minimum gauge wire requirements for power supply lines (including extension cords) when equipment is installed at the following specified distances from electrical service panel:

	25ft.	50ft.	100ft.	200ft.
Min. Gauge wire:	16	12	10	8

For distances greater than 200ft. consult factory before attempting to run. **NOTE:** Compressors require a 120v/60hz/1PH/20amp dedicated circuit.
